Professional Summary

Computer Science student with hands-on experience in Java, JavaScript, Spring Boot, REST APIs, SQL, and Firebase through academic and personal projects. Strong foundation in Data Structures & Algorithms and Object-Oriented Programming, with 150+ problems solved on LeetCode. Experienced in backend deployment on AWS EC2 and using Git and GitHub to develop practical software solutions.

Skills

Programming Languages: Java, JavaScript, SQL

Frontend: HTML5, CSS3, Responsive Web Design

Backend: Spring Boot, REST APIs

Database: MySQL, Firebase Firestore

Computer Science: Data Structures & Algorithms, Object-Oriented Programming

Tools: Git, GitHub, Postman, VS Code

Internship

Bootcamp, Sharda University – Greater Noida, India

May 2026 – June 2026

- Practiced Java and Data Structures & Algorithms through coding exercises and problem-solving.
- Learned SQL querying and AWS Cloud fundamentals through practical sessions.

Projects

TastyBite

[[LINK](#)]

July 2026 – August 2026

Java, Spring Boot, MySQL, REST API

[<https://github.com/Codykush/TastyBite>]

- Developed an intelligent food recommendation and comparison platform that enables users to discover budget-friendly meals by analyzing pricing, delivery time, and availability across multiple platforms.
- Designed and implemented backend services using Spring Boot, REST APIs, and MySQL to manage food catalogs, restaurant data, user preferences, and platform-wise comparison insights.

Smart Room Simulation System

[[LINK](#)]

March 2026 – April 2026

React.js, JavaScript, CSS, Vite

[<https://github.com/Codykush/Smart-Room-Simulation-System>]

- Built a responsive React-based smart-room simulation with interactive device controls for lights, fan, lamp, TV, and alarm.
- Implemented scheduling and state-based logic to simulate automated room activities and real-time device state transitions.

ArtisanConnect

[[LINK](#)]

August 2025 – September 2025

HTML, CSS, JavaScript, Firebase, Cloudinary

[<https://github.com/Codykush/ArtisanConnect>]

- Built a responsive web platform connecting local artisans with customers through product discovery, digital profiles, location-based search, and messaging.
- Integrated Firebase Authentication and Firestore for user authentication and dynamic data management, with Cloudinary for image storage.

Research & Publications

Machine Learning-Based Early Detection Framework for Alzheimer's Disease [[LINK](#)] October 2025 – February 2026

Bhadauria, K. S., Naik, A., Kumar, A., Tiwari, S., Kalicharan, Raj, A.

IEEE International Conference (IC3ECSBHI), Greater Noida, India – First Author

Certifications

Complete Front-End Web Development Course – Udemy

[[LINK](#)]

May 2024 – July 2024

Education

Sharda University, Bachelor of Technology in Computer Science

2023 – 2027

Greater Noida, India

Suditi Global Academy, Intermediate (Class XII)

2022 – 2023

Etawah, Uttar Pradesh, India

Suditi Global Academy, Intermediate (Class X)

2020 – 2021

Etawah, Uttar Pradesh, India
